**FOR IMMEDIATE RELEASE****October 30, 2024****CELESTICA ANNOUNCES TSX ACCEPTANCE OF EARLY RENEWAL OF ITS NORMAL COURSE ISSUER BID**

TORONTO, Canada - Celestica Inc. (NYSE: CLS) (TSX: CLS), a leader in design, manufacturing, hardware platform and supply chain solutions for the world's most innovative companies, today announced that it has terminated its existing normal course issuer bid (the "Existing Bid"), which commenced on December 14, 2023 and had an expiry date of December 13, 2024, and the Toronto Stock Exchange (the "TSX") has accepted the Company's notice to launch a Normal Course Issuer Bid (the "New Bid").

Under the Existing Bid, the Company repurchased and cancelled a total of 2,923,323 common shares (through October 18, 2024), through the facilities of the TSX or by such other permitted means, out of the 11,763,330 common shares it was authorized to repurchase, for at a weighted average price of US\$43.28 per share. As a result of the early termination and renewal of the Existing Bid, the 2,923,323 common shares purchased under the Existing Bid will be deducted from the New Bid's annual limit as per the requirements of the TSX.

Under the New Bid, the Company may repurchase on the open market, at its discretion during the period commencing on November 1, 2024 and ending on the earlier of October 31, 2025 and the completion of purchases under the New Bid, up to 8,609,693 common shares, representing approximately 10.0% of the "public float" (within the meaning of the rules of the TSX) as at October 18, 2024 less the 2,923,323 common shares purchased under the Existing Bid, subject to the normal terms and limitations of such bids.

Under the TSX rules, the average daily trading volume of the common shares on the TSX during the six months ended September 30, 2024 was approximately 643,696 and, accordingly, daily purchases on the TSX pursuant to the New Bid will be limited to 160,924 common shares, other than purchases made pursuant to the block purchase exception. The actual number of common shares which may be purchased pursuant to the New Bid and the timing of any such purchases will be determined by the management of the Company, subject to applicable law and the rules of the TSX. In accordance with the TSX rules, the maximum number of common shares which may be repurchased for cancellation under the New Bid will be reduced by the number of common shares purchased by non-independent brokers for delivery pursuant to stock-based compensation plans.

Purchases are expected to be made through the facilities of TSX, the New York Stock Exchange, other designated exchanges and/or alternative Canadian trading systems, or by such other means as may be permitted by the Ontario Securities Commission or other applicable Canadian Securities Administrators, at prevailing market prices, including through one or more automatic share purchase plans. The New Bid will be funded using existing cash resources and draws on its credit facility, and any common shares repurchased by the Company under the New Bid will be cancelled.

As of October 18, 2024, the Company had 116,359,313 issued and outstanding common shares and a "public float" (within the meaning of the rules of the TSX) of 115,330,168 common shares.

The Company believes that the purchases are in the best interest of the Company and constitute a desirable use of its funds.
